**Intermix System**

**Colour Match  
Your Way**

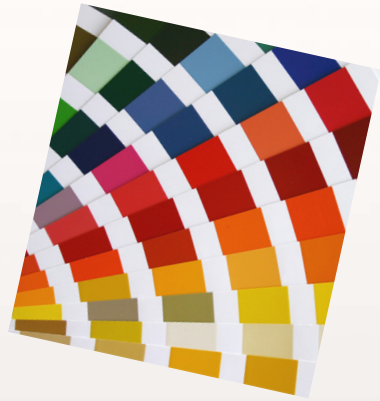

## What is the Intermix System?

The **Intermix System** provides you with the power to create expertly colour matched paints to RAL, Pantone and BS colours at any time and to any quantity that you need.

## The Intermix System Allows You to...

- **Reduce** your carbon footprint with fewer deliveries required.
- **Mix** tailor made samples for your clients in minutes.
- **Control** your colour matching and paint production at all times.

## The Intermix System Saves You...

- **Money** - No colour match charges & reduced admin costs.
- **Time** - Quick colour matches when you want them.
- **Product Wastage** - You mix the amount of paint you need.
